# Our Analytical Framework

To derive actionable insights, our analysis focuses on several key dimensions of customer shopping behavior, allowing us to understand the 'who,' 'what,' and 'how' of purchases.

## Demographic Insights

Analyzing purchasing patterns across different age groups and genders to identify core customer segments.

## Product Performance

Identifying top-performing products, popular categories, and the influence of ratings and discounts on sales.

## Transactional Factors

Examining the impact of shipping preferences, subscription models, and other purchase mechanics on customer choices.

## Customer Segmentation

Grouping customers based on shared behaviors, preferences, and value to tailor marketing strategies.
